# UNIQUE HOME STAYS

## Olive Grove

Seclusion, privacy and tranquillity encapsulate the essence of this Andalucían farmhouse. Residing in the striking mountains, overlooking the Sierra Tejada National Park, the Olive Grove presents a beautifully rustic backdrop for your hen party, peppered with discrete mod-cons.

Tapas and fresh flowers celebrate your arrival and welcome you and your guests to the hospitable and warm Spanish way of life. Local produce is prized and provides a rich spectrum of colours and tastes to tease the palette, and a culinary break can be combined with your stay so you and your guest can truly experience the prized local gastronomy. The Unique Home Stay also offers an optional spa package, ensuring that the blushing bride-to-be

is primed and polished ahead of her big day. After breakfast, shaded by fragrant bougainvillea, guests can enjoy a refreshing dip in the azure pool, dropping away to reveal breathtaking views of the wild olive groves and tempting Mediterranean sea. Guests can also enjoy guided tours of neighbouring cities and excursions into the nearby national park. Dinner is served from the delightfully idiosyncratic al fresco kitchen, after which you and your closest friends can retire to one of the luxurious four double bedrooms for the ultimate sleepover.

In keeping with the local geniality, an indigenous tree is planted for each visiting group, nurturing the landscape and creating a sentimental, living memory for years to come.
